

# Expectations and Outcomes

Grade Level/Course: 11-12

Content Area: Science

<b>Unit Title</b>	<b>Guarantees</b>
Unit 1: Advanced Chemistry Intro	Use properties of matter to determine molecular properties.
Unit 2: Advanced Chemistry Solutions, Acids and Bases	Use solutions for analytical purpose.
Unit 3: Advanced Chemistry Chemical Reactions	Design and modify a reaction to produce more product.
Unit 4: Advanced Chemistry Nuclear Chemistry	Model atomic activity.
